

# FIRE LUBRICANTS

## Fire Extra CNG (2T Oil)

It is blended from high quality base oil & selected synthetic base which is further fortified with selected additives and a diluents, to provide easy mixing with fuel. It is recommended for 2 stroke air cooled gasoline engines.

### Product Features & Benefits:-

- Improved fuel economy by lower oil consumption.
- Reduces visible smoke.
- Protects Engine from wear & corrosion.
- Quick starting & prevent carbon deposition.
- Complete combustion and minimize deposit formation.
- Low exhaust smoke & maintains engine cleanliness
- Minimizes spark plug fouling
- Reduces port deposits and ring sticking
- Prevents seizure and scuffing & easily pumpable by oil injection system

### Application:

Fire extra CNG 2T Oil is recommended for lubrication of Motorcycles, Scooters, Mopeds and three wheelers etc. The recommended dosage is 20 ml of oil per litre of petrol.

### Performance Level:

2T POWER - EXCEEDS API: TC: 2T SUPREME - JASO: FC specifications.

### Packing Sizes:

210, 1, 500ml, 250ml.

### Specification:

Charecteristic	Fire Extra CNG 2T Oil
Kinematic Viscosity @ 40° C, cSt	48 - 70
Flash Point, COC, °C, min.	70
Sulphated Ash, % Wt., Max	0.25
